

# CALLING ALL HEALTH CARE PROFESSIONALS

## *New Jersey* *Local Information Network Communications System* *(LINCS)* *Health Alert Network...*

is a **no-cost statewide public health emergency notification system** that links together local, state and federal partners to protect communities from both man-made and naturally occurring disasters

is **available to all health care professionals** including physicians, nurses, emergency medical technicians and other first responders

provides **accurate public health information** from the New Jersey Department of Health and Senior Services, Centers for Disease Control and Prevention, Local Health Departments, and other reliable sources

supports state and local **public health emergency preparedness and response efforts** including \*Planning and assessment \*Disease surveillance and investigation \*Data collection and sharing \*Emergency communications \*Community education and outreach and \*Workforce training

For more information, visit the **NJLINCS Health Alert Network** web site at: [www.njlincs.net](http://www.njlincs.net) or contact your local **LINCS** Agency (see back)

Prevent. Promote. Protect.
