E-mail dated May 8, 2013, received from Christopher Retty stating that a local municipality denied an electrical permit application for new installation work to be completed by in-house labor in a water utility company. Mr. Retty asks if a water utility company qualifies for exempt status.

Motion made by Mr. James H. Flaherty and seconded by Mr. Mitchell R. Malec, and unanimously passed, that a letter be sent to Mr. Retty advising him that work defined under N.J.S.A. 45:5A-18(k) is considered exempt from licensure and does not require the securing of a business permit.

\*\*\*\*\*

Rachel Glasgow, Regulatory Analyst, appeared before the Board at 11:30 A.M. to discuss the one comment received from Eric DeGesero, Executive Director, New Jersey Independent Electrical Contractors, in response to the proposed regulation concerning N.J.A.C. 13:31-1.7 Continuing Education.

June 5, 2013

Ms. Glasgow stated that the commenter would like to know how sponsors will ensure that the licensee is taking the on-line course.

DAG Donofrio stated that N.J.A.C. 13:31-1.7(a) requires the licensees to attest he or she has completed the course and the Board may perform audits on randomly selected licensees pursuant to N.J.A.C. 13:31-1.7(f). DAG Donofrio also stated that sponsors must monitor the attendance at each approved course and furnish to each enrollee a verification of attendance pursuant to N.J.A.C. 13:31-1.7(h 3).

Ms. Glasgow stated that the Board's response will be pursuant to N.J.A.C. 13:31-1.7 (h 3) it is the responsibility of the sponsor to ensure that the licensee is taking the course and the individual logging on is the licensee. Ms. Glasgow also stated that in the future, should this becomes an issue, the Board can take additional steps.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Constantinos Papademas, and unanimously passed, to accept the response as drafted and approve the adoption of the language in N.J.A.C. 13:31-1.7 (e i).

\*\*\*\*\*

Ms. Glasgow asked, if amended, would the Board support Assembly Bill No. A-1750.

Mr. Schooley stated that the Board would not support this bill.

Mr. Malec stated that this bill encompasses systems beyond ten volts and this work is beyond the scope of the qualifications, training and education of an alarm licensee.

Mr. Flaherty stated that the technology is such that there will be multiple systems operating on the same system.

Ms. Glasgow stated that she will send the Assembly the Board's objections.

\*\*\*\*\*

The Board reviewed Assembly Bill A-2882 which requires professional boards to provide credits toward requirements for licensure for veterans with substantially equivalent training. This bill was signed by the Governor on May 6, 2013.

DAG Joseph Donofrio stated that regulations will be drafted on a uniform basis by the Division.

\*\*\*\*\*

June 5, 2013

The Board reviewed Senate Bill No. S-2727 which establishes the "Study Commission on E-Licensing". The commission shall study how the State may implement a one-stop online licensing system for State-issued professional, occupational and business licenses. In developing its recommendations, the commission shall consider initiatives adopted in the e-Licensing Project that is part of Minnesota's Drive to Excellence which is an initiative to make state government faster, more reliable, and cost-effective.

Ms. Glasgow stated that she is not involved with the legislation regarding e-licensing.

Mr. Freed stated that the Board not only reviews the application for examination, but also reviews the Work Experience Certifications. Mr. Freed also stated that his concern is whether or not the Board will still be able to make a determination as to whether or not the applicant has the requisite experience in advance of being approved to sit for the examination.

Mr. Freed further stated that, for instance, home improvement contractors are not required to take a test and there is no experience that needs to be proven as long as the applicant can provide the necessary insurance documentation which can be accomplished via e-licensing.

Mr. Freed stated that there are a lot of variables in the application process. The Board conducts criminal history reviews, we ask child support questions, medical questions, and we ensure that Work Experience Certificates are sealed by the licensed electrical contractor.

\*\*\*\*\*

The Board reviewed applications for the written examination to be administered by Thomson Prometric.

\*\*\*\*\*

Kevin Karcich, Unlicensed, has failed to reply to a Uniform Penalty Letter dated January 17, 2012, sent certified and regular mail offering him the opportunity to settle the matter by paying a civil penalty in the amount of \$18,775.00 and sign an agreement to cease and desist from engaging in the business of electrical contracting in the State of New Jersey until such time as he becomes licensed to do so. Certified mail returned "Unclaimed", regular mail not returned. No response received.

June 5, 2013

Motion made by Mr. Joseph F. Cantalupo and seconded by Mr. Constantinos Papademas, and unanimously passed, to finalize the Uniform Penalty Letter offering Mr. Karcich the opportunity to settle the matter by paying a civil penalty in the amount of \$18,775.00 and sign an agreement to cease and desist from engaging in the business of electrical contracting in the State of New Jersey until such time as he becomes licensed to do so.

\*\*\*\*\*

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Constantinos Papademas, and unanimously passed, to go into Executive Closed Session to consider and to review consumer complaints, investigative reports and other information received pursuant to the Board's investigative authority in order to determine whether violations of the law, including Board regulations have occurred.

The results of the deliberations will be made known when and if the Board determines to initiate disciplinary action or other law enforcement action.

Meeting adjourned at 2:30 P.M.

An Appointment and Business Meeting is scheduled for Wednesday, July 31, 2013, at 9:00 A.M.

Respectfully submitted,

David Freed
