appear before it to discuss defining the term “dwelling” as reflected in N.J.S.A. 45:5A-18(n).

The Board reviewed Assembly Bill No. 2394 which changes the definition of “electronic security system” contained in the law. The definition of “electronic security system” is expanded to include access security systems, closed circuit television systems, intercom systems and other electronic monitoring devices.

The Bill also establishes definitions in this law for “access control system”, “closed circuit television system”, “Internet protocol and any successor protocols” and “intercom systems”.

Mr. Schooley stated that he received a telephone call from an individual from the IBEW concerning this bill as the individual did not know if the bill would impact licensed electrical contractors.

Mrs. Sheehan stated that the bill would remove the requirement that alarm companies respond in twenty-four hours and the requirement that they must have an office in this state. The committee supported the bill; however, the Division did not. The Division objected to the requirement for having an in state office which is not consistent with this administration.

Mrs. Sheehan stated that this bill has not been scheduled for another vote.

Mrs. Sheehan also stated that in regards to continuing education, she will submit the Board’s request that the rules regarding N.J.A.C. 13:31-1.7(I) be amended to say that a sponsor of a course or program offering that has been previously approved by the Board shall reapply to the Board for approval of the course or program if there are any changes to the course content, hours of instruction, or course lecturer. The sponsor shall resubmit to the Board the documentation and continuing education sponsor fee set forth in N.J.A.C. 13:31-1.7 (h 2 & 5). If there are no changes in course content, hours of instruction, or course lecturer for a previously approved course or program, the sponsor shall not be required to reapply to the Board for approval prior to offering the course or program in a subsequent renewal period.

The Board reviewed applications for the written examination to be administered by Thomson Prometric. Fourteen (22) applications were approved
