The Board accepted the payment.

The sub-committee reviewed an application for Continuing Education Course/Seminar approval received from Joseph P. Kempker.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Richard T. Aicher, Jr., and unanimously passed that (4) new courses, and instructors, are approved as submitted.

Mr. Constantinos Papademas recused himself from the motion.

The sub-committee reviewed an application for Continuing Education Course/Seminar approval received from Dorothy Adlon, Essex County Electrical Contractors Association.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Richard T. Aicher, Jr., and passed, that (11) new courses, and instructor, are approved as submitted. Ms. Adlon's request that she be allowed to sponsor previously approved courses originally submitted under the sponsorship of Mr. Papademas is also approved. Additionally, the Board requested that Ms. Adlon be advised that the course entitled g2006 NEC Annex Gh should be changed to read g2005 NEC and Related Regulations.

The sub-committee reviewed additional information concerning an application for Continuing Education Course/Seminar approval received from Kennie M. Fried, Warshauer Electric Supply. The Board requested a more detailed breakdown of the course content and number of hours to be spent on each topic.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Richard T. Aicher, Jr., and unanimously passed, that (1) new course, and instructor, is approved as submitted. Ms. Fried will also be reminded that an examination cannot be part of the instructional hours nor does the licensee have to pass an examination in order to receive a certificate of completion.

The sub-committee reviewed an application for Continuing Education Course/Seminar approval received from Edward Osoliniec, Institute for Technical Advancement.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Constantinos Papademas, and unanimously passed, that (4) new courses, and instructor, are approved as submitted. The previously approved courses are also approved.

The sub-committee reviewed an application for Continuing Education Course/Seminar approval received from Susan H. McLaughlin, New Jersey Department of Community Affairs/Rutgers University.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Richard T. Aicher, and unanimously passed, that a letter be sent to Ms. McLaughlin advising that her request is being held in abeyance pending receipt of a more detailed course outline for the courses entitled gWiring Methods, Commercial Industrial 2005 National Electrical

Code (NEC)h; gDesigning Electrical Systemsh; and gIdentifying & Installing Low Voltage Circuitsh. Additionally, Ms. McLaughlin will be advised that she must provide individual instructor names, along with their Resume/Curriculum Vitae, instead of listing the association as the instructor. Ms. McLaughlin will be requested to complete a new Continuing Education application.

The Board reviewed a memorandum dated November 20, 2006, received from Darlene Kane, Budget Officer, Division of Consumer Affairs, stating that for the first quarter of Fiscal Year 2007, the Board/Committee was directly billed for 148.2 hours of Deputy Attorney General/Paralegal services totaling \$18,937.61.

The Board reviewed Assembly Bill No. 3623 which would establish a certificate of rehabilitation for convicted offenders to assist them in procuring public or private employment from which they would otherwise be barred because of their conviction. A person who has been issued a certificate of rehabilitation which lists a conviction of a specific crime or offense would not automatically forfeit a license, employment, franchise or any other right or privilege because of that conviction.

DAG Provost stated that the Board can still deny an individual from becoming licensed based on the underlying conviction and whether or not it relates to the business it applies to.

DAG Provost also stated that this bill provides the individual with the ability to get the certification immediately at sentencing. However, at sentencing you would not have a probation officer's monitoring report concerning that individual and would not know the provisions that may have been placed on the individual such as community service or substance abuse meetings

DAG Provost further stated that in her opinion this bill does not impact what the Board does as long as it continues to analyze each matter on a case by case basis.

DAG Provost stated that if the Board were to disagree with the Certificate of Rehabilitation it would be hard pressed to over turn it. The potential licensee could rely upon the certificate and argue that he was unduly denied his license.

DAG Provost also stated that this bill would void language reflected in the rules and regulations governing the requirements of licensure for alarm installers which indicates that an applicant can not have been convicted of a crime within ten years prior to the filing of the application.

Mr. Malec stated that in his opinion the Board does not have a need for this Bill as it will continue to diligently review applications with or without this certificate.

Motion made by Mr. James H. Flaherty and seconded by Mr. Joseph F. Cantalupo, and unanimously passed, that the Board's position concerning Assembly Bill No. 3623 is neutral.

The Board reviewed Senate Bill No. 2311 which would require that advance notice of a meeting be posted on the public body's Internet site at least 48 hours prior to the meeting in addition to newspaper posting and the other existing advance notice requirements. The Bill would also require that past and future meeting minutes be posted on the public agency's website, and that the minutes contain an appropriate description of any matters discussed by the public body in closed session. The Bill further requires that all public bodies set aside a portion of each meeting for public comment.

Motion made by Mr. Joseph F. Cantalupo and seconded by Mr. Richard T. Aicher, Jr., and unanimously passed, that the Board is in favor of Senate Bill No. 2211. The Board already posts its Agenda on the Internet prior to all meetings. All past and present approved Minutes are also posted. However, the Board does have concerns to the privacy of its negotiations and investigations conducted in Closed Session and the posting of same.

Darlene Kane, Budget Officer, Division of Consumer Affairs, met with the Board to discuss with it the Fiscal Year 2006 Budget Report (final).

Mr. Aicher stated that it is not fair to the licensed electrical contractors who may have to pay higher contracting fees because the Board is spending money trying to locate unlicensed individuals.

Ms. Kane stated that the revenue paid is broken down into three categories; license fees, business permit fees, and penalties collected. The penalties collected might reference penalties assessed in prior years. All other fees are listed in gservices and otherh.

Ms. Kane also stated that there is no separate account for the Fire Alarm, Burglar Alarm, and Locksmith Advisory Committee; all of the monies collected is included under the electrical contractorfs budget.

Mrs. Cook asked whether or not the electrical contractors renewal fees would be reduced if the Board had an abundance of money.

Ms. Kane stated that if the Board were in a surplus she would first look at the two revenue sources and break out the expenses separately. A credit would be given to the licensees at renewal time and the surplus would be used to cover the expenditures. To increase or decrease licensing fees would require a regulation.

Mr. Aicher stated that the Board expends additional funds when it holds special meetings for investigative inquiries; Enforcement Bureau investigations; or subpoenaing unlicensed contractors. How can the Board take this into consideration when civil penalties are assessed against these unlicensed individuals?

Ms. Kane stated that the Board should be consistent in the amount of civil penalties assessed. The Board must separate the penalties assessed from its costs as the Board can collect monies expended for Enforcement Bureau activity. If the Board is charged \$1,000.00 by the Enforcement Bureau to locate an individual, then the Board can assess costs in the amount of \$1,000.00. If a court reporter takes a transcript and that transcript is ordered by the Board, that would be a direct cost to the Board which can be part of the costs to the unlicensed individual.

Ms. Kane further stated that any monies not utilized by the Board are carried over into the next fiscal year.

The Board thanked Ms. Kane for helping them understand this report.

A signed cease and desist agreement was received from Wayne Fitzpatrick, Piscataway, New Jersey.

The Board accepted the signed cease and desist agreement.

The Board reviewed applications for the written examination to be administered by Thomson Prometric. One (1) application was approved.

Motion made by Mrs. Connie F. Calisti and seconded by Mr. Richard T. Aicher, Jr., and unanimously passed, that the Board go into Executive Closed Session to consider and to review consumer complaints, investigative reports and other information received pursuant to the Boardfs investigative authority in order to determine whether violations of the law, including Board regulations have occurred. The results of the deliberations will be made known when and if the Board determines to initiate disciplinary action or other law enforcement action.

Meeting adjourned at 2:00 P.M.

A Business Meeting is scheduled for Wednesday, January 3, 2007, at 9:00 A.M.

An Appointment Meeting is scheduled for Wednesday, January 24, 2007, at 9:00 A.M.

Respectfully submitted,

Barbara A. Cook
Executive Director
