BUREAU OF FIRE SAFETY

6. At its meeting held April 2, 2008, Mr. McCullough advised the Board that in September 2003 the Bureau of Fire Safety issued certifications to Fire Alarm Contractors. The Bureau of Fire Safety stipulated that fire alarm contractors and electrical contractors did not need the certification issued by the Department of Community Affairs as long as those licenses were issued before March 2004.

Mrs. Cook advised the Board that a licensed electrical contractor or licensed fire alarm contractor would need this certification if their license was issued after March 2004.

A licensed electrical contractor contacted the Board office stating that the Bureau of Fire Safety advised him that he did not need certification because he was a licensed electrical contractor. Therefore, he is not sure as to whether or not he needs this certification.

DIVISION OF LAW BILLING

7. Board to review a memorandum dated November 25, 2008, received from Darlene Kane, Budget Officer, Division of Consumer Affairs, stating that for the first quarter of Fiscal Year 2009, the Board/Committee was directly billed for 103.9 hours of Deputy Attorney General/Paralegal services totaling \$15,644.50.
