The Board reviewed additional information requested of Valerie L. Francis, Rockhurst University, who is

requesting to teach a Continuing Education Course/Seminar.

The Board disapproved the courses entitled "How to Comply with OSHA Regulations on the Construction Site" and "The Essentials of Human Resources". The application indicated that both of these courses would be a 12 hour course or a six hour course if done in one day. However, Ms. Francis only provided one course outline for each course. The Board was unsure if the outline provided is for the 12 hour course or the six hour course. Therefore, Ms. Francis was requested to provide clarification of the length of hours and course outlines for both the six hour course and the 12 hour course.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Robert A. McCullough, and unanimously passed, that a letter be sent to Ms. Francis advising her that the courses submitted "How to Comply with OSHA Regulations on the Construction Site" and "The Essentials of Human Resources" are disapproved. Ms. Francis will be advised that she is to provide an outline for the six hour course as the Board will only approve courses wherein a specific course outline is provided.

The Board reviewed the Fiscal Year 2004 Budget Report (first half).

Signed cease and desist agreements were received from Clarence Wallace, Newark, New Jersey; Jonathan Martin, Pitman, New Jersey; and Raymond V. Klecz, Rio Grande, New Jersey.

The Board reviewed applications for the written examination to be administered by Experior Assessments, LLC. Thirty (30) applications were approved.

Mr. Schooley stated that the Fire Alarm, Burglar Alarm and Locksmith Advisory Committee reviewed the

technical questions to be included on the examination and the percentage breakdown of each category.

Mrs. Cook stated that the Committee approved the computerized examination which must be in place by July 15, 2004. Mrs. Cook also stated that the information for approximately 600 applicants has been entered into the system.

Mrs. Cook advised the Board that responses are being received from the licensed electrical contractors who received an audit letter requesting that they forward to the Board a copy of their 2002 Continuing Education Code Course Certificate.

Mrs. Cook stated that an audit letter was also sent out to approximately 560 master plumbers who would have been required to attend continuing education code courses. The letter requested that the plumber forward to the Board a copy of their Continuing Education Code Course Certificate. Mrs. Cook also stated that approximately 51 letters were returned "Unclaimed". A second letter was sent, and approximately 30 letters were returned "Unclaimed". Therefore, Provisional Orders of Discipline were sent to the plumbers ordering that they pay a civil penalty in the amount of \$1,000.00 and attend continuing education code courses. Mrs. Cook further stated that the Board of Master Plumbers has scheduled an Investigative Inquiry wherein approximately 30 master plumbers will appear before the Board.

Motion made by Mr. Robert A. McCullough and seconded by Mrs. Connie F. Calisti, and unanimously passed, that the Board go into Executive Closed Session to consider and to review consumer complaints, investigative reports and other information received pursuant to the Board's investigative authority in order to determine whether violations of the law, including Board regulations have occurred. The results of the deliberations will be made known when and if the Board determines to initiate disciplinary action or other law enforcement action.
