APPLICANT: Red Bone Games
2048 Rose Lane
Pacific, MO 63069

The above-mentioned game is approved for use in New Jersey as an amusement game, as defined in the Amusement Game Licensing Law, N.J.S.A. 5:8-100 et seq. ("Law"), and the regulations promulgated thereunder, N.J.A.C. 13:3-1.1 et seq. ("Regulations"). This approval is based upon information supplied by the applicant at the time of application for certification. The game must be operated in accordance with the specifications submitted and the terms of this certification. Any modification of the manufacturer's specifications or the specified method of play immediately voids this certification.

It is unlawful to license or operate any amusement game in the State of New Jersey without a valid Certification of Permissibility or in a manner not in accordance with Certification of Permissibility issued for the game. This Certification of Permissibility contains four pages. This is page 1 of 4.

DESCRIPTION:

The “Co2 Eva Pistol Game” is a non competitive shooting gun game. The game consists of up to six (6) player positions, each player position is equipped with a pressurized air pistol which is securely attached at each player position. The objective of the game is to knock the aluminum cylinder targets off the play field “platform” utilizing a two (2) inch foam ball. The player is awarded a prize based on the required posted prize schedule.

DEFINITIONS:

“Game board” means the platform in which the aluminum cylinder targets are located.

“Obstruction” means any portion of the stand/structure, any light or other type fixture, any box, bag, prize or other material.

“Play field” shall be the area between the player position extending two (2) feet behind and two (2) feet on either side.

“Prize category” means a prize, or group of prizes of comparable value, available to a player upon completion of the task necessary too win a prize in a particular category.

“Prize category designation” means the identifier of one of the four (4) authorized prize categories prescribed by condition # 9 of this Certification of Permissibility.

“Professional quality” means that the surface of the sign to be used must be smooth and rigid in nature and not made from paper or corrugated cardboard, unless laminated.

“Round of play” means the sale of a right to participate, the event which determines whether the player wins or loses and the awarding of a prize.

“Stand/structure” means any stand, structure, booth, tent, trailer or area in which the game is operated.

CONDITIONS:

- 1.) The maximum posted price to play shall not exceed values set forth in N.J.A.C. 13:3-.3.4.
- 2.) The play field shall be clear of all obstructions.
- 3.) The play field shall be contained within the stand/structure in which the game is located.
- 4.) No merchandise shall be allowed in or around the stand/structure for display purposes unless a posted sign which clearly indicates for display only.
- 5.) All prizes displayed must be available to be won.

- 6.) The minimum size of a sign containing the statement required by condition number 6 of this certification shall be 8.5 inches x 11 inches. The sign shall be of professional quality and shall consist of block letters of at least .50 inches. The background and the letters of the sign shall be electronically displayed or permanently printed of contrasting colors.
- 7.) All prizes available through the play of the game shall be conspicuously displayed above the front counter height of the stand/structure.
- 8.) The maximum number of prize categories shall not exceed four (4).
- 9.) Prize categories from the lowest to highest in values shall only be known, referred to, designated, or labeled as: Small; Medium; Large; Jumbo or Choice.
- 10.) The prizes to be awarded shall be labeled to indicate the category. Prizes shall be labeled individually or as a clearly delineated group of the same prize category.
- 11.) Each Co2 Eva pistol shall be properly maintained and have sufficient air pressure in order to allow the two (2) inch eva foam ball to knock down the aluminum cylinder targets. Any pistol that does not meet this condition must be removed immediately from game play.
- 12.) The two (2) inch foam eva balls shall be not be altered in any way that may affect the outcome of the game. They shall be properly maintained and in like new condition. Any foam ball that does not meet this condition must be removed immediately from game play.
- 13.) Each aluminum cylinder target shall be the same size, shape and weight. They shall be properly maintained and in like new condition. Any target that does not meet this condition must be removed immediately from game play.
- 14.) The aluminum cylinder targets shall not exceed a specific weight and size that would impede them from falling off the platform. Any target that does not meet this condition must be removed immediately from game play.
- 15.) The maximum distance measured from the player position to the platform in which the aluminum cylinder targets are positioned shall not exceed six (6) feet.
- 16.) The platform in which the aluminum cylinders are positioned shall not exceed a width of more than seven (7) inches.
- 17.) There shall be no materials attached to the back of the platform that would obstruct the aluminum cylinders from rolling off the game's platform.

This Certification of Permissibility is not a license to operate the captioned gambling device. The game must be licensed in accordance with the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this Certification of Permissibility upon notice to the manufacturer, operator and/or applicant.
