GAME DESCRIPTION

Prize Cube is a single player crane redemption game. It is first played by inserting tokens or money into the coin or bill acceptor. The crane uses an electronic/ mechanical claw, which the player moves using the joystick control located on the exterior of the machine. The button on the joystick is pressed when the player has positioned the claw. The claw drops automatically and attempts to grab an item for retrieval. If the player does not drop the claw within the allotted time, the claw will drop automatically and attempt to lift a prize off the play field. If the player successfully captures a prize, the prize will be carried to the redemption area of the device where it is dropped for the player. If the claw does not grab a prize or the prize drops in transit, the claw will return to the redemption area, but no prize will be awarded.

CONDITIONS

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2.) Payout must occur immediately upon a win.
- 3.) The game play field shall be clean and free of debris.
- 4.) Game shall be installed and maintained according to manufacturer specifications
