The above mentioned game is approved for use in New Jersey as an amusement game, as defined in the Amusement Game Licensing Law, N.J.S.A. 5:8-100 et seq. ("Law"), and the regulations promulgated thereunder, N.J.A.C. 13:3-1.1 et seq. ("Regulations"). This approval is based upon information supplied by the applicant at the time of application for certification. The game must be operated in accordance with the specifications submitted and the terms of this certification. Any modification of the manufacturer's specifications or the specified method of play immediately voids this certification.

It is unlawful to operate any amusement game in the State of New Jersey without a valid certification.

This certification is conditioned upon the following:

Summer Time is a two player position coin pusher game. The coin will be dropped onto the coin push box through a swinging skill arm. The arm may be stopped for coin placement by pressing the "skill aim" button. The push box then pushes existing quarters towards the forward edge of the playfield. A corresponding amount of tickets are dispensed with the coins that drop off the forward edge of the playfield.

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2.) The playfield shall be free from any obstruction that would impede the coins from traveling throughout the playfield.
- 3.) No coins shall be permitted to travel into a lose chute. The lose chutes on both sides of the playfield, if installed, shall be closed down.
- 4.) Payout must occur immediately in the form of tokens or tickets.
- 5.) Game shall be installed and maintained according to manufacturer specifications.

This certification is not a license to operate the captioned gambling device. The device may only be operated in a location specifically approved for the operation of amusement games pursuant to the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this certification upon notice to the manufacturer and/or applicant.
