**ACTION:** The Board determined that based on the information provided it appears that an electrical engineer would do the installation of low-voltage cables. However, the design should be prepared by a licensed professional engineer.

## COMMITTEE REPORTS

### A Standing Committees:

#### I Application Improvement Committee – JVenuto (Chair) & LPeterson

**ACTION:** No report at this time.

#### II PLS Education Committee – GPaparozi (Chair) & LPeterson

**ACTION:** No report at this time.

#### III Legislation Committee – MHagag (Chair) & JPurcell

- A A-4360 “New Jersey Design Professional Self-Certification Act”; requires DCA to establish design professional self-certification program is attached for discussion.

**ACTION:** The Board, on a motion by BM Purcell, seconded by BM Hagag, unanimously voted to oppose this bill as written. Some concerns of the Board are the self-certification of construction code which bypasses the construction code official in the process and any disciplinary action of the self-certification comes before the Board for action.

#### IV NCEES Committee – JPurcell (Chair) & M Alsharaa

- A NCEES Legislative summary information as of May 30, 2024 is attached.
- B Alliance for Responsible Professional Licensing (ARPL) Survey Key Findings – May 2024

**ACTION:** BM Purcell reported that NCEES Annual meeting will be in August; NCEES is tracking a couple of pieces of legislation in New Jersey, specifically licensure for military servicemen and spouses. In some states, there is legislation to eliminate licensing boards. There are two bills in Louisiana and one bill in Florida that is of particular concern with NCEES. In Louisiana there is legislation pending to eliminate licensure requirement for non-medical licenses.

BM Alsharaa reported that the Northeast zone presented a motion for finding a path for licensure that if you have an ABET degree in Engineering Technology program you are still eligible for licensure. The NCEES Board of directors endorsed the motion and put it on the non-consent agenda for August meeting.

#### V Joint Committee – M Alsharaa, MHagag and TSillick (alt member)

**ACTION:** BM Alsharaa reported that the next scheduled meeting is September 3, 2024.

### **INFORMATIONAL / DISCUSSION ITEMS**

Ben Brierley, Head of Policy and State Government Relations, British Consulate General, was present to discuss the Mutual agreement between United Kingdom and NCEES. He explained the process the UK engineers would go through to become Chartered Engineer who can then apply to any State Board that has accepted the agreement. Twenty States have signed the agreement to date. Some States may have to review their regulations to determine if changes are needed in order to accept the agreement.

BM Purcell suggested that the Board members review the information provided for discussion at the July meeting to determine if New Jersey should consider the agreement between the United Kingdom and NCEES.

### **PUBLIC COMMENTS**

Inasmuch as no comments have been submitted and hearing no comments from members of the public present, BVP Peterson proceeded to the next item on the agenda.

**EXECUTIVE SESSION / ADJOURNMENT OF PUBLIC SESSION** for the purposes of reviewing Executive Session minutes, review of complaints, consideration of disciplinary actions and advice of counsel.

On a motion by BM Purcell, seconded by BM Sillick, the Board unanimously voted to go into Executive session.

**NEXT MEETINGS**
